Oh, you're a scorpio? I'm sorry, but I can't be with you.

- The module will show 12 horoscopes on tiles, all of which can be selected and deselected.
- Each horoscope can be paired with another horoscope on the mod.
- No horoscope can belong to more than one pair, nor can it be unpaired.
- Find an arrangement such that there are six pairs of horoscopes.
- The following chart will show what horoscopes can be paired. Any big horoscope can be paired with any small horoscope beside it.
